

## CONGRATULATIONS EVERYONE!!!

The orchestra did an excellent job both on their performance and in sightreading. There were many compliments by the judges both on their judging sheets and aurally to various runners and staff. When we all concentrate, watch and listen all the previous work pays off. I'm so very proud of you all.

Special congratulations to ORPHEUS! They got all Superiors and played their best to date. The sightreading was amazing! The judge said he had never come across a group like that ever!

Everyone did so well we are thinking seriously of taking you to Regionals in May. You must have a Superior to advance so the level is considerably higher. I think this just may be the year!

Mrs. Connie Speltz
